

Recycle Right...

aluminium

Making items from recycled aluminium uses 95% less energy than using raw material. That helps reduce greenhouse gas emissions and combat climate change.

Aluminium cans, pie trays, disposable baking trays, and in some areas, aluminium foil can be recycled in your kerbside collection. Rinse off food scraps.

For more information visit
Cans.PlanetArk.org or call
the Recycling Hotline 1300 733 712.
