

## HANABLE THE CANABLE MASK

### What you need:

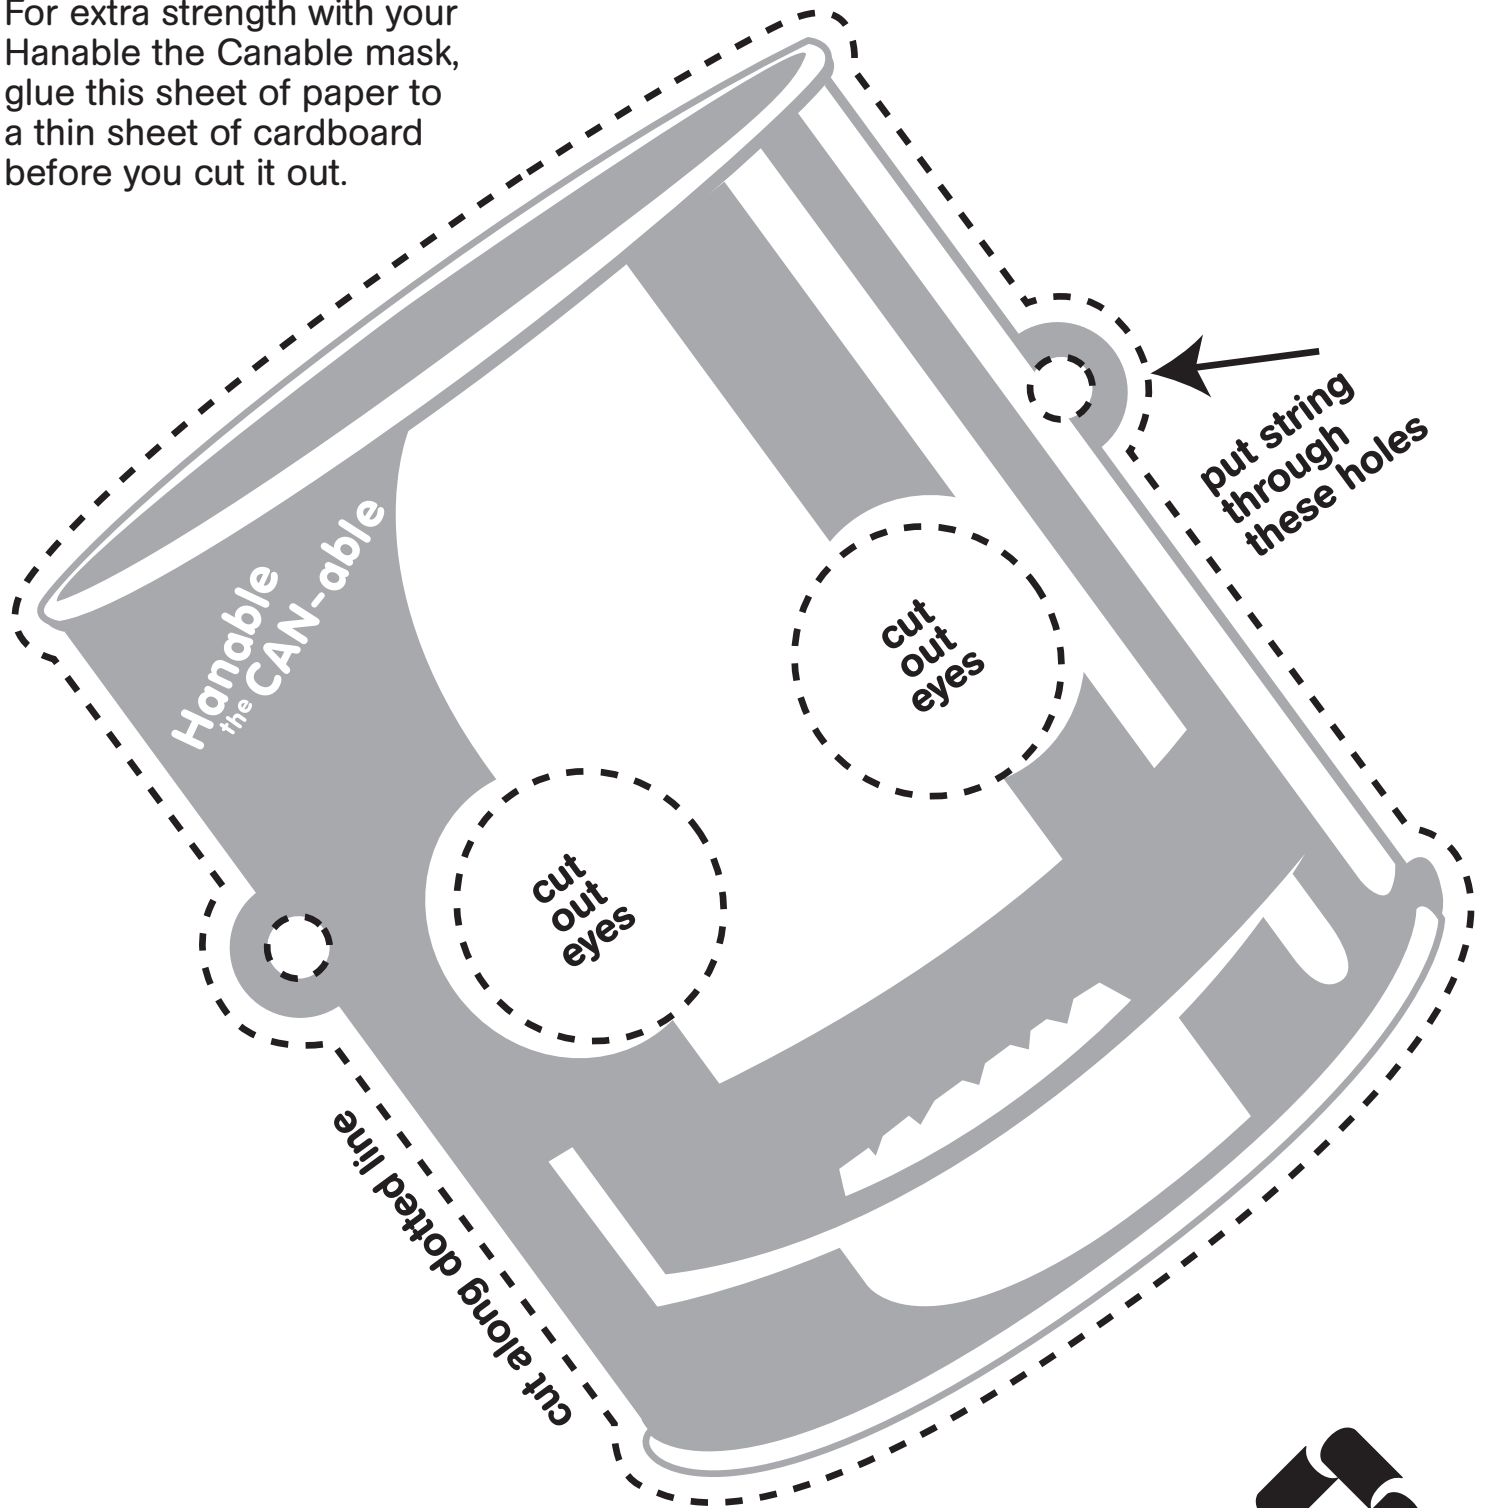

- Scissors
- Hole Punch (optional)
- Colouring pencils, colouring pens or watercolour paint
- Piece of elastic to fit around your head or string
- Piece of cardboard
- Glue

### Instructions:

- Print off the mask template of Hanable the Canable's face
- Cut out along the dotted lines
- Glue to piece of cardboard and cut the cardboard out in the shape of the mask
- Cut out the two large holes for where your eyes will look through
- Colour or paint in the face with the colours of your choice
- Use a hole punch or carefully cut the two holes at either side of the mask
- Measure the piece of elastic or string to fit from in front of your ear, around the back of your head and to the front of your other ear
- Thread the elastic or string through the two holes in the mask and then tie them to secure
- Place on the mask and wear it with friends or to a party or even just around the house!

# PRINT ME!

For extra strength with your Hanable the Canable mask, glue this sheet of paper to a thin sheet of cardboard before you cut it out.
